REPORT ON THE DIGITAL LEARNING

Digital Learning Cell (DLC) of the college reviews the College's use of digital resources and suggests ways for its improvisations. DLC facilitates the use of digital content to the students so they can utilize & access learning materials and resources when and where needed. The college has provided Computers, Laptops and an in-process online Library, a Digital classroom to meet the needs of course contents, participation in Online discussion and other assessments. Digital initiative is adopted to improve the quality of learning for students as well as staff. The main objective of DLC is to inculcate digital culture and fulfil the demands of ICT skills in teaching learning process. The cell has plane to host various workshop and programmes to enable students to develop their ICT skills.
