---

**The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities**

### Introduction

The Internal Quality Assurance Cell (IQAC) was developed in accordance with regulatory standards as part of the institution's commitment to upholding and improving the quality of its teaching-learning process, operational procedures, and learning outcomes. Through regular evaluations, feedback systems, and creative teaching strategies, the IQAC guarantees ongoing assessment and development.

### Teaching-Learning Process Review

The College assesses its teaching-learning process on a regular basis to make sure it meets industrial and academic standards. Among the crucial elements are:

#### **1. Planning and Delivering the Curriculum**

- To improve academic results, stakeholder input is gathered and the curriculum is modified in accordance with university policies.
- To guarantee structured delivery that will improve the learning experience, faculty members create lesson plans, academic calendars, and teaching plans.

#### **2. Learning Focused on the Student**

- The use of ICT-enabled teaching strategies, such as Learning Management Systems (LMS), computer and language labs, smart classrooms, and e-learning materials.
- To improve conceptual knowledge, case studies, problem-solving strategies, and experiential learning are used.
- Flipped classrooms, blended learning, and online courses are being used to promote student engagement.

#### **3. Training & Development of Faculty**

- The organization hosts seminars, workshops, Faculty Development Programmes and Sensitization programmes.

### Review of Operational Methodologies

The IQAC ensures smooth institutional operations by periodically reviewing administrative and academic policies.

## 1. Assessment & Evaluation Mechanisms

- **Continuous Internal Assessments (CIA)** are conducted through class tests, debates, assignments, quizzes and students activities.
- **Mentor-Mentee System** ensures individual student guidance and academic support to ensure smooth academic experience.
- The examination and evaluation process is streamlined through **transparent and objective assessment methods**.

## 2. Student Support & Infrastructure

- The institution improves learning facilities, such as **library digitalization, upgraded laboratories, computer and language labs and smart classrooms**.
- **Skill development programs, career counselling sessions, and internship opportunities** are integrated into the academic framework.
- Student feedback both through present students and alumni's collected regularly to improve teaching-learning experiences.

## 3. Feedback & Stakeholder Engagement

- Regular feedback is obtained from **students, parents, alumni, parents and employers** to improve course content and teaching methodologies and any other requisites.
- IQAC analyzes feedback and recommends necessary modifications to the academic council .

## Incremental Improvements & Learning Outcomes

Through periodic IQAC reviews, the institution has achieved measurable improvements in academic and administrative processes:

### 1. Enhancement in Learning Outcomes

- Higher student engagement due to the adoption of **interactive and enhanced technology-driven teaching methods**.
- Increased **pass percentage, better placement opportunities, and improved research contributions**.

### 2. Quality Research & Innovation

- Faculty and students are encouraged to participate in **research projects, paper publications and presentations**.
- Establishment of research centers and industry collaborations for practical exposure and internships.

### 3. Infrastructure & Academic Growth

- Expansion of classrooms, digitalization of teaching spaces, and enhancement of **library and laboratory facilities**.
- Introduction of **new courses, postgraduate programs, and skill-based certifications** to cater to emerging career opportunities.

## Conclusion

The institution guarantees ongoing quality improvement in its teaching-learning process, operational procedures, and learning outcomes through IQAC-driven periodic reviews. The institution's dedication to excellence is seen in the small advancements made in academics, facilities, and student assistance. In order to maintain academic standards, the college plans to incorporate more creative teaching methods, research-focused curricula, and student-cantered projects in the future.
