Message from Principal

“We want Education by which character is formed, strength of mind is increased, the intellect is expanded and by which one can stand on one’s own feet.”

Swami Vivekananda

I warmly welcome all students to our Narangi Anchalik Mahavidyalaya family and sincerely appreciate your interest in our institution. Located in the heart of Guwahati city, our college strives to provide every possible support for the all-round development of our students.

Knowledge is omnipotent, and teachers serve as guiding lights, helping the pathfinders—our students—acquire it. The upcoming generation of learners can rest assured that they will receive help and support in every aspect of life and its challenges. The institution is committed to offering students the necessary facilities to nurture their academic excellence as well as their creative abilities.

Education is a two-way process that involves meaningful contributions from both teachers and students. It allows for a fruitful exchange of ideas and skills. Students are encouraged to dedicate themselves wholeheartedly, utilizing their full potential under the guidance of our experienced and dedicated faculty members.

We offer Higher Secondary courses in Arts and Commerce, along with undergraduate programs (B.A. and B.Com.) under both the CBCS and FYUGP frameworks. I hope all of you will share our vision and contribute your talents to make Narangi Anchalik Mahavidyalaya a leading center of higher education in the North East.

In line with the guidelines of the National Education Policy (NEP) 2020, the college is also actively taking initiatives in entrepreneurship development and placement services to prepare students for future career opportunities.

Dr. Lukendra Kakati M.Sc., M.Phil., Ph.D.

Principal

Narangi Anchalik Mahavidyalaya, Guwahati

VISION:

The vision of our institution is to enhance knowledge and wisdom by imparting holistic and scientific education to the student community so that they can prosper to the fullest and become responsible citizen of India.

MISSION:

- To provide high-quality education to the students of our college.
- To create an academic environment in the classroom that enhances students' interest in their studies.
- To offer a platform for students to showcase their talents and creativity.
- To provide opportunities for students' personal and professional development.
- To strive towards preparing students to become good human beings.

MOTTO:

Our motto is to deliver proper and quality education today, to give better future tomorrow.

SIGNIFICANCE OF THE COLLEGE EMBLEM

"The bottom of the emblem displays a shield used by the **Karbis** during the '**Changnak**' dance. It represents the **open earth** and symbolizes the region where our college is located. Above the **shield (dhal)**, there is a **Xorai**, which holds a holy book. It stands for knowledge, which will spread like a rainbow."

Contact no: 8822671717(M) / 03612642954

Narangi Anchalik Mahavidyalaya, a prominent institution of higher education, was established in 1991 through the initiative of the people from the greater Narengi area. Located in the easternmost part of Guwahati city, the college has made significant progress in providing and promoting higher education among various ethnic and linguistic groups. The foundation of the college was laid on 2nd September 1991, with evening classes held at Narangi High School. Within a few months, the college moved to its permanent site. The land for the construction was donated by Late Nanda Rangpi, Late Ramdhan Bongrang, Late Nabin Bongrang, Late Pabin Kra, Late Bhadaram Bey, Mr. Lakhindra Kra, and Mr. Beban Rongchell.

Today, the college takes pride in its journey of growth. The Commerce stream (self-financed), which was introduced on 6th August 2012, has now become a well-established department with a growing number of students and staff.

The college currently offers a range of facilities, including ample classrooms, a digital library with a reading room, laboratories for both the Education and Geography departments, separate common rooms for boys and girls, departmental rooms, an IQAC room, a students' union office, and an indoor stadium. In addition, the Principal's office and staff office rooms complete the infrastructure of the college.

With the combined efforts of the Governing Body, highly qualified teachers, and dedicated individuals from the greater Narengi area, as well as support from the Government of Assam, the college has evolved into a fully functional institution that provides an excellent academic environment. The college has earned a strong reputation through its students, who have excelled in academics, sports, music, and culture, with some achieving recognition at both the national and international levels. Additionally, the college actively engages with rural communities through various programs under NSS and NCC.

COLLEGE INFRASTRUCTURE

Canteen: The college canteen offers a variety of refreshments to both staff and students, ensuring that they are provided with nutritious and affordable food options. With a focus on maintaining a

clean and hygienic environment, the canteen is dedicated to offering quality service at reasonable prices. The emphasis on hygiene and cleanliness ensures that the food provided is not only tasty but also safe, contributing to the overall well-being of everyone who uses the facility.

Drinking Water: The college is committed to ensuring the health and well-being of its students, staff, and visitors by providing purified drinking water facilities throughout the campus. The college has installed Reverse Osmosis (R.O.) water purifiers, ensuring that the water is free from contaminants and safe for consumption. Additionally, water coolers are strategically placed around the campus, providing refreshing, chilled water during the hot months.

Feedback Box: Students are encouraged to share their complaints, concerns, and valuable suggestions through the "FEEDBACK" box, which is available for the purpose of addressing any issues and fostering continuous improvement within the college. This initiative allows students to actively participate in the development of the institution by providing constructive feedback that helps in rectifying errors and enhancing the overall quality of education and facilities.

College Play Ground: Play ground of the college is in the process of development in the North-eastern part of the college.

Boys' Common Room: The college provides a well-equipped Boys' Common Room, offering a variety of recreational activities for students to enjoy during their leisure time. The room is furnished with Table Tennis boards, Carom boards, and Chess boards, allowing students to unwind and engage in friendly competition. This space serves as a relaxing environment for boys, encouraging both social interaction and physical activity, thereby contributing to their overall well-being and mental relaxation.

Girls' Common Room: The college provides a well-furnished Girls' Common Room, offering a comfortable and spacious environment for relaxation during leisure periods. The room is equipped with Table Tennis boards, Carom boards, and Chess boards, allowing the girls to engage in recreational activities and unwind. Additionally, the room is equipped with a "**Sanitary Napkin Incinerator**" to ensure hygiene and comfort.

Digital Classroom: To enhance the digital learning experience for students, the college has equipped its classrooms with a range of advanced e-learning facilities. These include a 65-inch smart board, microphones, and Wi-Fi connectivity, enabling seamless and interactive learning.

Additionally, the college has provided two projectors with screens, which are available for the smooth and efficient conduction of seminars, workshops, conferences, and meetings. These modern tools aim to create an engaging and dynamic learning environment, helping students stay connected and up-to-date with the latest educational technologies.

Ramp and Toilet: The college is committed to providing an inclusive and accessible environment for specially-abled students. To ensure their comfort and convenience, the college has installed ramps and dedicated toilet facilities that are designed to meet the needs of students with physical disabilities. These facilities help create a more accessible and supportive campus, allowing all students to fully participate in academic and extracurricular activities

Pad vending machine and Incinerator: The college is dedicated to promoting environmental sustainability and ensuring the well-being of its female students. To support this, the college has installed two environment-friendly incinerators and sanitary pad vending machines. These facilities provide a hygienic and eco-conscious solution for the disposal of sanitary pads, while also offering easy access to sanitary products, ensuring comfort and convenience for all girl students.

Waste disposal Incinerator: The college campus is equipped with an incinerator designed to efficiently dispose of waste generated across the premises. This incinerator helps manage waste by reducing its volume, thereby minimizing landfill usage and the environmental impact of discarded materials. By carefully monitoring the types of waste being incinerated and adhering to proper waste segregation practices, the college ensures that only appropriate materials are processed, reducing harm to the environment.

Indoor Stadium: The indoor stadium of our college is fully equipped with sports facilities and amenities designed to promote physical activity, fitness, and sportsmanship among students. This facility provides a versatile space for a variety of indoor sports, enabling students to engage in recreational and competitive activities throughout the year, regardless of weather conditions. By offering such a comprehensive sports environment, the college aims to nurture a well-rounded student experience that emphasizes the importance of physical fitness and active living.

Multipurpose Hall: Our college features a multipurpose hall that serves as a versatile space for a wide range of events, including cultural functions, meetings, seminars, and workshops. This

well-equipped hall is designed to accommodate diverse activities, providing a convenient venue for students, faculty, and staff to gather and engage in educational, artistic, and social events. With its flexible layout and modern amenities, the hall is ideal for hosting both small-scale and large-scale functions, fostering creativity, collaboration, and community spirit within the college.

College Graffiti (Gardenscape): An attractive feature of our college garden is the display of student artwork, which adds a unique and vibrant touch to the space. The artwork, created by talented students, enhances the beauty of the garden while reflecting the creativity and artistic expression of the college community. These art pieces, whether sculptures, paintings, or other forms of creative work, not only beautify the garden but also create a welcoming and inspiring environment for students and visitors alike. The integration of art within the natural setting of the garden fosters a harmonious blend of nature and creativity, making it a special and enjoyable place to relax, reflect, and appreciate the talent of the students.

GOALS AND OBJECTIVES

CO-CURRICULAR ACTIVITIES

LITERARY ACTIVITIES:

Various literary activities are conducted in our college.

The college magazine is one of the best academic showpieces of both our students and teachers. It is published annually under the guidance of the Magazine Committee. The college magazine “*NARANGIAN*” provides students with an opportunity to publish their writings and develop their literary skills.

Various departments of the college also bring out wall magazines, departmental manuscripts, journals, newsletters, etc., every year. Wall Magazine Competitions among departments, Quiz Competitions, Debate Competitions, Essay Competitions, Seminars, and Workshops are organized to help students showcase their talents.

A half-yearly news bulletin, “*NAM COLLEGE*”, is published every six months by the Department of English to highlight the various activities of the college.

DRISTI – The Vision of Truth (ISSN), a journal, is published annually by the Department of Philosophy. The Mathematical Journal “*ARYABHATA*” (ISSN) is published every year by the Department of Mathematics. “*JANAMANCH*”, a wall magazine, is displayed annually on the occasion of Independence Day (15th August) by the students of the Political Science Department.

The handwritten magazine “*POHAR*” is published annually by the Department of Assamese. “*SHAKTI – The Strength*” (ISSN), a women-related journal, is published annually by the Narangi Anchalik Mahavidyalaya Women’s Study and Research Centre (NAMWSRC). ‘MIRROR’, the women related wall magazine is brought out every year on 8th March, International Women’s Day by the Department of English.

EDUCATIONAL TOUR

All departments of the college regularly organize Educational Tours and Field Trips for students to various locations across the country. These visits are aimed at broadening students’ understanding and helping them explore different dimensions of society. The destinations include places of historical significance, renowned tourist attractions, industrial sites, and educational

institutions such as museums and libraries. These experiences provide students with valuable exposure beyond classroom learning, encouraging them to connect theoretical knowledge with real-world contexts.

In addition to these excursions, students are given the opportunity to observe the functioning of India's Parliamentary Democracy by visiting the Assam Legislative Assembly every year. This visit allows them to witness legislative proceedings firsthand, thereby deepening their understanding of democratic governance and the policymaking process. Through such educational activities, the college aims to foster critical thinking, civic awareness, and a sense of social responsibility among students.

RESEARCH ACTIVITIES

A number of Minor Research projects have been completed by some of the faculties of our college. The faculty members of all the departments publish research papers in various research journals and also present their papers in different conferences and seminars of National, International and State level. We have a good number of PhD holder teachers in our college.

STUDENTS' UNION

The college has a Students' Union body, elected by the students for smooth conduct of different activities related to the students. To guide the elected student representatives of the body Principal appoints teacher-in-charges against each secretary.

SCOUT :

Narangi Anchalik Mahavidyalaya launched its scouting program in 2023, with the overarching goals of fostering character development, nurturing leadership qualities, promoting citizenship, and encouraging personal fitness. This initiative aims to create a holistic environment for students to grow not only academically but also as responsible and well-rounded individuals.

The core objectives of the program are centered around shaping students into individuals who possess strong ethical values, leadership skills, and a deep sense of responsibility towards their communities. Through this initiative, Narangi Anchalik Mahavidyalaya seeks to instill in students the importance of good character, which is the foundation for becoming a trustworthy, compassionate, and resilient individual. By engaging in various scouting activities, students will be encouraged to develop leadership abilities that will prepare them for future roles in society, helping them build the confidence and skills to lead with integrity and empathy.

In addition to leadership and character building, the program places a significant emphasis on citizenship training. Students will be guided on how to actively contribute to society, fostering a spirit of volunteerism, teamwork, and community service. They will also be encouraged to take part in projects that aim to make a tangible impact in their local communities, further reinforcing the values of social responsibility and civic duty.

CELLS OF NAM AND THEIR ACTIVITIES

INTERNAL QUALITY ASSURANCE CELL (IQAC) Cell:

As per the guidelines set forth by the National Assessment and Accreditation Council (NAAC), Narangi Anchalik Mahavidyalaya (NAM) established the Internal Quality Assurance Cell (IQAC) on November 1, 2014. The primary purpose of the IQAC is to develop and implement strategies that enhance the quality of education offered at the college. Since its inception, the IQAC has played a central role in ensuring the effective planning, coordination, and execution of initiatives aimed at fostering continuous quality improvement across various academic and administrative domains of the institution.

The IQAC is entrusted with the responsibility of not only planning and guiding various activities but also monitoring their progress, assessing their impact, and ensuring that these activities are aligned with the institution's vision and mission. It functions as a cornerstone of quality management within the college, continually striving to create robust frameworks for achieving both academic and non-academic goals. By emphasizing quality in teaching, learning, research, and student support services, the IQAC works tirelessly to enhance the overall educational experience for students and faculty alike.

To accomplish its objectives, the IQAC oversees several specialized cells within the college, each focused on improving specific aspects of the institution's operations. These cells collaborate to

strengthen various elements such as curriculum design, faculty development, student engagement, infrastructural development, and administrative processes. By fostering a culture of quality assurance, these cells contribute significantly to NAM's vision of becoming a center of excellence in higher education.

The concerted efforts of the IQAC, along with the proactive involvement of the management and staff, bore fruit when the college received accreditation with a Grade “B” during the first cycle of NAAC’s Assessment in June 2022. This achievement marked a significant milestone in the institution’s journey towards academic excellence and validated the effectiveness of the quality enhancement initiatives undertaken by the college. The recognition by NAAC has not only affirmed the commitment of Narangi Anchalik Mahavidyalaya to maintain high educational standards but has also motivated the college to continue its efforts towards further improving the quality of education and its overall impact on students, faculty, and the community.

In summary, the IQAC at Narangi Anchalik Mahavidyalaya, under the leadership and guidance of the management, has been instrumental in transforming the college into a more structured, quality-driven institution. The successful accreditation process serves as a testament to the positive and lasting influence of the IQAC's efforts, paving the way for future growth and development in the years to come.

WOMEN CELL: NARANGI ANCHALIK MAHAVIDYALAYA WOMEN'S STUDY AND RESEARCH CENTRE. (NAMWSRC)

This Centre of College works to promote and strengthen the women folk of society through training, research, capacity building and extension programme etc. Every year International Women's Day is celebrated, and a peer reviewed ISSN research journal "Shakti- The Strength" is published.

Anti sexual harassment cell: The cell was introduced to deal with issues relating to sexual harassment in the college campus. It is applicable to all students, staff and faculties.

Anti ragging cell: The anti ragging cell established to monitor, prevent, prohibit and redress all the instances of ragging in the college. As per the direction of Directorate of Higher Education various steps has been taken to prevent ragging in the college campus.

HEALTH CELL: This cell has been formed to provide basic health care and health related knowledge and welfare facilities to the students and the teachers. During Covid -19 pandemic period, under the initiative of this cell health awareness leaflets were distributed in nearby areas of the college. A blood donation Drive was organized in the college in association with HDFC Bank on 2022 where students, teachers and college staff actively participated. ASG EYE CARE CENTRE in collaboration with our college organized a free eye check up camp on 21/02/2023.

DISCIPLINARY CELL: The cell is to maintain overall discipline in the college campus. It ensures secured environment for the students in the college.

STUDENT COUNSELLING & PLACEMENT CELL:

The main aim of this cell is to provide mentoring, counseling, and support to the students in their educational, professional as well as personality development. It also provides guidance, training, and placement services to the students. There is a Multipurpose Cooperative society in our college.

EXTENSION CELL:

This cell encourages the students to participate in various awareness and motivational programmes, field visits, projects on community development. For example, our students, along with their teachers conducted a field study on the working of Panchayati raj system in Niz Panbari village which is adopted by our college. Some of our teachers had taken classes in the school of that village and donated 23 pairs of desk-benches, ceiling fans and also sanitary napkins for the girl students.

DISASTER MANAGEMENT CELL :

The main objective of this cell is to provide basic training to the students to ensure safety during a threatening disaster situation. The members of this cell along with the students conduct various mock drills to prepare the students and all the employees to meet emergency situations.
